SKILLS

Design Leadership

- Product Vision
- Cross-functional Collaboration
- Design Consistency
- Success Measurement

People Management

- Career Frameworks
- Collaborative Culture Building
- Goal Setting
- Learning Culture Development
- Talent Recruitment & Retention

Domain Knowledge

- Analytical Tools
- Customer Data Platform
- Dashboard & Monitoring
- Data Collection & Processing
- E-Commerce
- Jobs To Be Done (JTBD)
- Process Mining
- Small Business in Retail
- Smart Home Ecosystems
- Vibe Coding (Claude)

Design Process

- Critique and Review
- Design Thinking Workshops
- Design Systems
- Design Principles
- User Research Methods

EDUCATION

Certificate of Disruptive Strategy

[Harvard Business School](#)

2023, Online

M.S. in Information (HCI)

[University of Michigan](#)

2013 – 2015, Ann Arbor

B.A. in Library & Information Science

[National Taiwan University](#)

2004 – 2008, Taipei

EXPERIENCE

Senior Product Design Manager

[Data Management @Splunk/Cisco](#) 2021 – 2026

Leading a team of 6 product designers and 1 design intern to develop comprehensive data management solutions supporting Security, Observability, and IoT use cases.

- **Led 0-to-1 development of 3 data solutions** (Cloud Data Manager, Edge Processor, Ingest Processor) highlighted in Splunk's earnings calls and annual conferences.
- **Drove adoption**, achieving 400+ Cloud Ingestion active customers (300M events/day) and 100+ Data Processing active customers (5TB/day).
- **Cut onboarding from days** to under 30 minutes for Cloud ingestion, and applied AI to boost efficiency in root cause analysis, recommendations, and guided onboarding.
- **Built learning culture** by hosting monthly AI/design sessions for teams; recruited four design interns annually since 2020.

Principal Product Designer

[Process Mining & Data Management @Splunk](#) 2019 – 2021

- **Enhanced real-time stream processing solutions** through onboarding, pipeline redesign, and troubleshooting for clients like PayPal and Cox Automotive.
- **Led Process Mining execution** to deliver bottleneck analysis dashboard and improved data modeling workflow, securing project adoption including Chewy license purchase.

Senior UX Designer

[Customer Data Platform \(CDP\) @Treasure Data](#) 2018 – 2019

- **Established the first design system** to ensure consistency across projects.
- **Launched permission controls** with Single Sign-On settings, enabling the company to target Global 2000 clients, including a deal signed with Philip Morris International.

Senior UX Designer

[Mobile App Intelligence @App Annie](#) 2017 – 2018

- **Delivered new reports:** Mobile web usage, SDK reports, and Paid vs. Organic downloads.
- **Redesigned alert creation workflow**, improving task completion rate from 45% to 80%+; developed Slack integration samples for customer self-service.

UX Designer

[Smart Home Ecosystem @TP-LINK Research America](#) 2015 – 2017

- **Led UX design for Kasa apps**, allowing users to onboard and control 5+ types of smart home devices, resulting in a 4+ star rating on both Apple and Google Play stores.
- **Managed 4 junior designers** in mobile app, web GUI, and built-in touchscreen design.

ENTREPRENEURSHIP

Co-Founder

[Tea & Lifestyle @Teappo](#) Since 2021

We aim to embed tea into our customers' daily lives. Visit us at shopteappo.com

- **Managed operations** from sourcing and inventory to accounting and finances.
- **Built multi-channel sales** driving customer acquisition and growth.
